

Bicycle transport on railway lines served by bus from 1 August 2023

From 1st August 2023, buses replace trains on ten regional railway lines. From 1st May 2024, **bicycles can be transported on train replacement buses** running on the following five lines (click on the lines to open the timetable):

- [38 Somogyszob–Nagyatád](#) [1]
- [47 Dombóvár–Komló](#) [2]
- [78b Balassagyarmat–Ipolytarnóc](#) [3]
- [89 Nyékládháza–Tiszaújváros](#) [4]
- [103 Karcag–Tiszafüred](#) [5]

In what way and how many bicycles can be transported on the replacement buses?

Bicycles can be transported **on a transport device mounted on the rear wall of the bus, up to 3 per service.**

Bicycles are loaded and unloaded by bus drivers. Bicycles may not be fitted with luggage, bicycle bags or bicycle boxes. **No bicycles are allowed on the board of the buses** (except for items not exceeding the hand luggage size limit and exceptions provided for in Section 9.4.2 of the MÁV-START [Passenger Transport Operating Rules](#) [6]).

What type of bicycle can be transported?

Bicycle racks mounted on the rear walls of buses may only be used to carry bicycles of a **standard male or female frame design with a frame diameter of no more than 60 mm and weighing no more than 20 kg.** Electric bicycles, specially designed bicycles (tandem, trailer, cargo bicycle, fatbike etc.), tricycles and other bicycles with frame designs not meeting the above conditions (e.g. recumbent bicycles, camping bicycles) are not allowed.

Which tickets can be used to transport bicycles?

Bicycles are transported according to the rail fare: a **bicycle ticket (or bicycle country pass) and a bicycle space reservation** are required for transport.

Can I buy a bike ticket on the bus or only in advance?

Bicycles can only be transported on the train replacement bus with a pre-purchased bicycle ticket (or bicycle country pass) and a bicycle space reservation - purchased at a railway ticket office, from ticket machines, at jegy.mav.hu [7] or from the [MÁV app](#) [8]. Bicycle tickets and bicycle space reservations are not available at the bus drivers.

Can bicycles be transported to/from all stops?

Most bus stops are accessible, but the design and availability of some bus stops do not allow bicycle transport. In some cases, a bus may stop at more than one stop in a settlement, but only one of these stops is suitable for bicycle transport. Click on the name of the line to view the map notice showing the stops that are suitable and available for bicycle transport and those that are not. Additional maps are provided at some locations to help you find your way around
