

For the attention of travellers to Ultra Europe 2024 Festival

Tickets and Seats

Ultra Europe 2024 is taking place in Split, Croatia between 12-15th July. For those wishing to take the train from Hungary to Split, we have compiled the most important travel tips below. Have a safe trip and enjoy the party!

All trains towards Zagreb and Split are running with compulsory seat/bed reservations. This also applies to Interrail/Eurail Pass holders with no exception! Please remember that an Interrail/Eurail Pass in itself is NOT eligible for travel on these trains. This is in order to avoid overcrowding of trains. For everyone's comfort and safety, excess passengers will not be allowed to board!

Please make sure to book your seat well in time and have your valid seat reservation ready for boarding. Tickets and seat reservations are available on jegy.mav.hu or at any major train station (opening hours apply). If a train appears to be fully booked, please find an earlier travel date or other alternative connections further below.

Fully booked trains are omitted from this list. We recommend that passengers board the trains at the station of departure and show up at least 30 minutes prior to departure. This is to ensure that our staff can help everyone's boarding go smoothly. Please pay extra attention to the correct station of departure as there are three different ones in this list.
